Ordering personalized plates

- Select a combination of two (2) to six (6) available characters.
- If you are ordering a motorcycle plate, select a combination of two (2) to five (5) characters. Due to size constraints, motorcycle plates do not have the red stripe with the word VETERAN on them.
- Contact the Department of Motor Vehicles (DMV) at 1-800-777-0133 to verify if your choice is available or visit the website at www.dmv.ca.gov. Please note, the configuration will be reviewed for acceptability before the plate can be issued.
- Position your characters in the boxes as you wish them to appear on your plate(s). You must also explain the meaning of your selection (the meaning must not be offensive).
- Use an asterisk (*) to indicate a full blank space. Use a slash (/) to indicate a half blank space.

Converting an existing Personalized plate to a VETERAN plate

An existing Personalized license plate that contains six or fewer characters can be converted to a VETERAN plate. Plates that contain more than six characters cannot be converted as space does not allow.

Selecting your veterans organization decal

View instructions on the reverse side of this form to select the military branch or veterans service organization logo you want on your license plate.
