

The American Heroes Air Showsm

Los Angeles, California

Scheduled to land June 20th, 2015 at the Hansen Dam Sports Complex in the heart of the San Fernando Valley, the admission-free American Heroes Air Show is now 100 days in front of us and we hope your team is planning to participate.

Produced at sites around the nation by volunteers with a passion for aviation and public service, the American Heroes Air Show is the nation's premier admission-free, helicopter-only aviation event designed to profile helicopters & demonstrate their unique value to the community, media and public officials with static displays and exciting flight demonstrations.

In addition to an exciting focus on the dynamic role of rotary wing aviation, this admission-free event includes :

- **CODE3 Career Expo** – recruiting teams and private schools are on-scene to profile careers and curriculum in law enforcement, government service, homeland security, emergency preparedness and national defense.
- **Emergency Preparedness Fair** with information and resources to help families prepare for, react to and recover from natural disasters and community emergencies.
- **Rollin' to the Rescue** – vintage and restored police, fire and emergency vehicles roll into the Opening Ceremony.
- **SAR SITE1** - local Search & Rescue teams are on scene with emergency vehicles, equipment displays, demos and family outdoor safety tactics.
