If you are a woman who served in the U.S. military, please fill out the Women Veterans Roster inside this brochure!

Of the 185,000 women veterans in California, many do not know about the benefits and services available to them at the federal, state and local levels.

CalVet and the Commission on the Status of Women and Girls want you to register for this Roster, so that you can learn about the benefits and services available to you. This is also your opportunity to stand up and be counted so that CalVet can ensure you receive quality services that meet your needs.
